

## **18 Month RFP List**

9/14/06

This 18 month listing of proposed future Request for Proposal items is intended for use by INDOT and by the consultant community as a tentative planning tool. This information is preliminary and subject to change. Currently planned items with target RFP dates are included and additional items will be incorporated as they are determined. If you have questions regarding the list feel free to submit them to [contractsrfp@indot.in.gov](mailto:contractsrfp@indot.in.gov). Please include "18 Month RFP List" in the subject line.

## 18 Month RFP List

9/14/06

**Central Office - Division of Planning/System Analysis**

**RFP Target Date: 11/14/2006**

**Item No:**

**Item Description:** Automated "Vertical Under Clearance" Measuring Data Collection.

**Work Description:** Contract to have the "Vertical Under Clearance" measured for all INDOT Bridges in an automated and safe way, using a vehicle traveling at highway speeds.

**Agreement Type:** Cost- Plus Fixed Fee

**Maximum Agreement Amount:**

**Term of Agreement:** 1-year contract

**Approximate No of Assignments:** 1-Vendor

**DBE Goal**

**Required Prequalification Categories (Combination of Prime and Sub Consultants):**

- |  |   |
|--|---|
| <input type="checkbox"/> 1.1 Systems Planning                                      | <input checked="" type="checkbox"/> 9.1 Level 1 Bridge Design                                       |
| <input type="checkbox"/> 2.1 Traffic Data Collection                               | <input type="checkbox"/> 9.2 Level 2 Bridge Design  |
| <input type="checkbox"/> 2.2 Traffic Forecasting                                   | <input type="checkbox"/> 10.1 Traffic Signal Design   |
| <input type="checkbox"/> 3.1 Routine and Minor Analysis                            | <input type="checkbox"/> 10.2 Traffic Signal System Design  |
| <input type="checkbox"/> 3.2 Complex or Major Analysis                             | <input type="checkbox"/> 10.3 Complex Roadway Sign Design   |

## 18 Month RFP List

9/14/06

**Central Office - Division of Production Mgmt/Project Mgmt**

**RFP Target Date: 11/14/2006**

**Item No:**

**Item Description: SR 930 Added Travel Lanes. Project Limits from 2.67 miles West of I-469 to Minnich Road**

**Work Description:** The work includes improvement of SR 930 through an added travels lane project. The existing route is currently a 2 lane facility that will be widened to a 4 lane section . Three intersection improvements on SR 930 and one bridge replacement are also included with in the project limits. The project limits are from 2.67 miles West of I-469 to Minnich Road.

**Agreement Type:** Cost- Plus Fixed Fee

**Maximum Agreement Amount:**

**Term of Agreement:**

**Approximate No of Assignments:**

**DBE Goal**

**Comments:** Consultant will coordinate with the Project Manager to deliver this project early.

## 18 Month RFP List

9/14/06

**Central Office - Division of Production Mgmt/Project Mgmt**

**RFP Target Date: 11/14/2006**

**Item No:**

**Item Description:** I-65 from I-865 in Marion County to US 52 in Boone County. This project will be a combination of added travel lanes, interchange modification and resurfacing.

**Work Description:** This project will consist of added travel lane to I-65 and modification of several interchanges and various bridge projects within this 13 and half mile section. Work to be assigned includes the preparation of design plans, real estate services, surveying, preparation of environmental documents and approvals, right of way acquisition, and utility coordination.

**Agreement Type:** Cost- Plus Fixed Fee

**Maximum Agreement Amount:**

**Term of Agreement:** Spring 2007 thru Fall 2017

**Approximate No of Assignments:**

**DBE Goal**

## 18 Month RFP List

9/14/06

**Central Office - Division of Production Mgmt/Project Mgmt**

**RFP Target Date: 11/14/2006**

**Item No:**

**Item Description: SR 32 added travels lane project. From SR 37 to SR 38 East Junction**

**Work Description:** The work includes improvement of SR 32 through an added travels lane project. The existing route is currently a 2 lane facility that will be widened to a 5 lane section (4 travel lanes and TWLTL) with curb and gutter. Six intersections are also included with in the project limits. The work will also include early coordination with the INDOT Environmental Services Section to avoid a 4f property. The project limits are from SR 37 to SR 38 East Junction. The environmental document will be complete by INDOT.

**Agreement Type:** Cost- Plus Fixed Fee

**Maximum Agreement Amount:**

**Term of Agreement:**

**Approximate No of Assignments:**

**DBE Goal**

**Comments:** Consultant will coordinate with the Project Manager to deliver this project early.

## 18 Month RFP List

9/14/06

**Central Office - Division of Production Mgmt/Project Mgmt**

**RFP Target Date: 01/09/2007**

**Item No:**

**Item Description:** UTS 50 from US 31 to/through North Vernon in Jackson and Jennings Counties. This added travel lane project is approximately 10 miles in length.

**Work Description:** This project includes the development of contract documents for added travel lanes along US 50 from US 31 to thru the city of North Vernon. This corridor roadway will be improved from a 2 lane section to a 4 lane section. This roadway section may go through the town of North Vernon or bypass it. Several bridges are also part of this project. Work to be assigned includes the preparation of design plans, real estate services, right of way acquisition, preparation of environmental documents and utility coordination.

**Agreement Type:** Cost- Plus Fixed Fee

**Maximum Agreement Amount:**

**Term of Agreement:** Spring 2007 to Fall 2014

**Approximate No of Assignments:**

**DBE Goal**

---

**Comments:** Consultant will coordinate with the Project Manager to deliver this project early.

## 18 Month RFP List

9/14/06

**Central Office - Division of Production Mgmt/Project Mgmt**

**RFP Target Date: 02/13/2007**

**Item No:**

**Item Description:** The work includes the development of Contract documents for an Added Travel Lanes project. Work to be assigned includes preparation of Design Plans, Real Estate Services, Right-of-way acquisition, Environmental Services, Topo survey data collection, Utility Coordination.

**Work Description:** The project will consist of added travel lanes on US 36 from I-465 to Transfer Drive in Marion County. Work to be assigned includes preparation of Design Plans, Real Estate Services, Right-of-way acquisition, Environmental Services, Topo survey data collection, Utility Coordination.

**Agreement Type:** Cost- Plus Fixed Fee

**Maximum Agreement Amount:**

**Term of Agreement:**

**Approximate No of Assignments:**

**DBE Goal**

## 18 Month RFP List

9/14/06

**Central Office - Division of Production Mgmt/Geotech**

**RFP Target Date: 06/12/2007**

**Item No:**

**Item Description: Statewide Geotechnical Services**

**Work Description:** The geotechnical services include the subsurface investigation for roadway, bridges, retaining structures, landslides, pavement subgrade, mine subsidence, and other special foundation investigations. This is normally done by performing borings, field testing, laboratory testing and performing engineering analysis and recommendation to aide in the preliminary and final design as well as during construction of a project in locations within the State of Indiana.

**Agreement Type:** Unit Price

**Maximum Agreement Amount:** 2 - Open-End Agreements at \$800,000.00 each and 2-Open-End Agreements at \$400,000.00 each. (Total of 4 OEA Agreements)

**Term of Agreement:** 2 years with the option to renew for both time and money at INDOT's discretion

**Approximate No of Assignments:** 20 to 25 projects per Consultant per year

### DBE Goal

### Required Prequalification Categories (Combination of Prime and Sub Consultants):

## 18 Month RFP List

9/14/06

**Central Office - Division of Production Mgmt/Project Mgmt**

**RFP Target Date: 11/13/2007**

**Item No:**

**Item Description: I-74 Interchange at Post Road**

**Work Description:** Consultant to deliver project development services and contract documents for an interchange project for the improvement of geometric design and sight distance as well as improving the level of service for the ramp system. This project will include Environmental Document preparation, Survey, Road and Bridge Design, ROW services, Permitting, and Utility Coordination, for project delivery beginning the fall of 2015.

**Agreement Type:** Cost- Plus Fixed Fee

**Maximum Agreement Amount:**

**Term of Agreement:**

**Approximate No of Assignments:**

**DBE Goal**

### Required Prequalification Categories (Combination of Prime and Sub Consultants):

## 18 Month RFP List

9/14/06

**Central Office - Division of Production Mgmt/Project Mgmt**

**RFP Target Date: 12/11/2007**

**Item No:**

**Item Description: SR 67 from 1.59 miles south of SR 26 to US 27**

**Work Description:** Consultant to deliver project development services and contract documents for an added travel lane project including Environmental Document preparation, Traffic Analysis, Survey, Road and Bridge Design, ROW services, Permitting, and Utility Coordination, for project delivery beginning the fall of 2015.

**Agreement Type:** Cost- Plus Fixed Fee

**Maximum Agreement Amount:**

**Term of Agreement:**

**Approximate No of Assignments:**

**DBE Goal**

**Required Prequalification Categories (Combination of Prime and Sub Consultants):**

- |  |  |
